

New Talking Angler Exhibits Promote Seaway Trail's World-Class Fishing

Three new "talking" angler exhibits at the Seaway Trail Discovery Center in Sackets Harbor, New York, invite visitors to learn about the world-class fishing found along the Seaway Trail, one of America's Byways noted for great American road trips and fishing adventures!

Lake Ontario Anglers

New York State Assemblyman Robert Oaks, legislator for Oswego, Cayuga and Wayne Counties, provided funding for the new exhibit that features a father-and-son team talking about the boy's birthday gift charterboat trip to catch trout and salmon on Lake Ontario.

Salmon River Angler

Fran Verdoliva, manager of the NYS DEC's Salmon River Fish Hatchery in Altmar, co-authored the script which likens Salmon River Chinook to powerful Mack trucks, and Coho and Atlantic salmon to Porsches — fast, acrobatic runners. Exhibit sponsors:
Seaway Trail, Inc., Village of Pulaski, Town of Richland,
Oswego County Department of Promotion and Tourism.
New York Sea Grant.

St. Lawrence River Carp Angler

"I've fished for carp around the world. The St. Lawrence River is among the ten best places in the world to fish for carp."
— says River guide and Englishman Bernie Haines as the face and voice of the St. Lawrence River Carp Angler. Exhibit sponsor: St. Lawrence County Chamber of Commerce.
